## Fellow Classmates,

We did it-----we held our **65th Class Reunion (Luncheon)** at the **Golden Corral, Layton, Utah on Friday, September 10th.** A good time was had by all. We had 68 wonderful individuals show up for good food, good company and good conversation. You will find pictures from the luncheon on pages 5 and 7. Everyone present said, "Lets do it again next year" - tentative date would be the second Friday, September 9, 2022. As we get closer, more details and information on our 66th Class Reunion will be finalized and published - stay safe and healthy.

It is a shame that we continue to lose some of our Wonderful Classmates each year. ## Arleen Love & A.J. Lewallen

A.J. and Arleen Love Lewallen left this world together after 63 years of marriage. A.J. passed away on August 17, closely followed by Arleen just 24 hours later on August 18. Their passing together is just one of many tender mercies experienced during their lives together. A.J. was born April 14, 1940 in El Centro, CA to Floyd Andrew Lewallen and Bertha Irene Dobbs. He was the second youngest child of nine children, and he was the youngest boy. His early years were spent in El Centro, where he earned a perfect attendance award through early high school. At the age of 17, A.J. made his way to Utah where he met Arleen, the love of his life, while dragging Washington Boulevard in Ogden, UT. They were married on June 19, 1958 in Layton, UT and moved to Nevada in 1960, where they became proud Las Vegas residents embarking on many adventures from their desert home. In his early twenties, A.J. developed a love for construction—following his brothers Shelby and MC—and built a successful career in both residential and commercial building. He was a longtime member of the Carpenters Local 1977 Union in Las Vegas, and he worked on many projects throughout the area, including many hotels on the Las Vegas Strip. His career took him to various places beyond Las Vegas including Northern Utah, an air force base in Colorado Springs, a hotel in Alaska, and construction sites in California. He even built two homes that he and his family lived in. Arleen Love was born September 8, 1938 in Layton, UT, to George Hugh Love and Maud Webb James. She was the youngest of seven children and enjoyed growing up on her parent's farm where she learned the value of hard work and getting an early start to her day. Throughout Arleen's life, she never strayed from the habit of getting to bed early and starting her day at the crack of dawn. Arleen had a deep love for family and maintained close relationships with her extended family members always eager to hear about every achievement and special family events. A highlight in Arleen's life was meeting A.J. at the age of 19 and embarking on a lifetime of adventure by his side and proudly raising their growing family. She was a homemaker, staying busy with four children: Joyce Lewallen (Lecia Johnson), Sandra (Matthew Southerland), Jerry Lee—deceased 2016, and Bruce Jeffery (Kathleen Bolger—deceased 2013). She later worked in housekeeping at the King 8 Hotel with some of her best friends. She sent her paychecks to her daughters at college. She loved her family more than anything, and she was very proud of each of her children. A great moment of joy for A.J. and Arleen occurred when they were eternally sealed in the Mount Timpanogos Utah Temple on June 19, 2004, their 46th wedding anniversary. They enjoyed many outdoor activities including time camping and fishing at Panguitch Lake and relaxing at their cabin near Lake Mead. A special memory is of their cruise to Alaska with Joyce and Lecia. They are survived by two of A.J.'s sisters, three children, eight grandchildren, and eight (soon be nine) great-grandchildren. As family, we are so very grateful for their lifetime of love and sacrifice. We also want to thank the many health care workers who compassionately took care of our parents until their passing: Welbrook Rehabilitation, Southwest Medical Hospice Care, Summerfield Assisted Living, and Envision Home Health & Hospice. A special thank you to Nate and Gwen. Their funeral service was conducted on September 3, 2021 in Las Vegas, NV. Internment at Bunkers Memory Gardens, Las Vegas, NV.

**Boy how time flies when you are having fun.** I really enjoyed my trip to Utah, participating in our Class Luncheon and visiting with Classmates. Then visiting with relatives and friends from Davis County to Millard County. Had the unfortunate experience of losing one of my last two Uncles on the day of our luncheon. During July, we buried my last Aunt, my father's younger sister. That leaves us with only one Uncle left, my father's younger brother. We hope and pray that he sticks around for awhile, when we lose him, my parent's generation is gone. We miss them all and think and talk about the good times we enjoyed with them. Everyone that participated in our Class Luncheon had a good time. The Layton Golden Corral went out of their way to take care of us. You can't beat the price of the luncheon, everyone had their choice of their favorite food and dessert. Dean and his staff were wonderful hosts. I would recommend that we return to the Layton Golden Corral next year (2022) the second Friday in September. For planning, coordinating and conducting it is a snap, all we have to do is reserve a date and time then tell them how many participants to expect. Then all you have to do is show up, pay at the door, then select your own food. I want to express a special thanks to Ila Bagnell Devereaux for the wonderful job she did on producing and displaying the Memorial Posters for all of our Wonderful Classmates that died during 2020 and 2021. To all of our living Classmates please remember, "An ounce of prevention is worth a pound of cure" and "Take care of your body and your body will take

care of you." I put an article on the "UroLift Procedure" on Page 6 because of a conversation I had at the luncheon, please take charge of the medical care you are receiving, don't settle for anything but the best.

Hugs & Love, **Colorado Ed**

## Sandra Adams Smith

(Sylvia's Report Cont. From Page 3)

### Sandra Adams Smith

Sandra Adams Smith of Kaysville, Utah, Age 83, passed away on August 22, 2021 surrounded by her family. Sandra was born on April 27, 1938 in Ogden, Utah to Joseph B Adams and Ruby Mitchell. Sandra went to Davis High School and then, with Scholarship in hand, went on to Brigham Young University. Sandra worked for over thirty

years in the medical field keeping financial records for Kaysville Medical Center. Sandra's later life passion was her involvement with the Madam Alexander Doll Company. Her personal collection was beyond comparison. She served on the board of directors as well as the Board's President for three years.

Sandra's happy place was her cabin. The most beautiful cabin tucked into the end of Christmas Meadows. Since 1970 this cabin has been a labor of love for Sandra and Paul, expanded and remodeled to become the one place on this earth that they spent so many happy days together.

Sandra and Paul were married July 3, 1958. They are truly soul mates. For 63 years they have loved each other, raised a family, traveled the world, and loved and supported each other every day for all of those years.

Sandra was preceded in death by her father Joe Adams, her two mothers Ruby Mitchell and Leah Adams, her granddaughter Savannah Smith and her brother Steven Adams.

Sandra is survived by her husband Paul Smith, two children Roxanne Duennebeil, Scott Smith, and her grandkids Nicholas Smith, Skylar Smith, Madison Smith, Ryan Duennebeil, and Jace Duennebeil.

Funeral Services were held Friday August 27, 2021 at Lindquist's Layton Mortuary 1867 North Fairfield Road, Layton, UT. Interment at Kaysville City Cemetery.

**Now for some positive news, I would like to share some photos from our Classmate Luncheon on September 10, 2021 - Enjoy.**

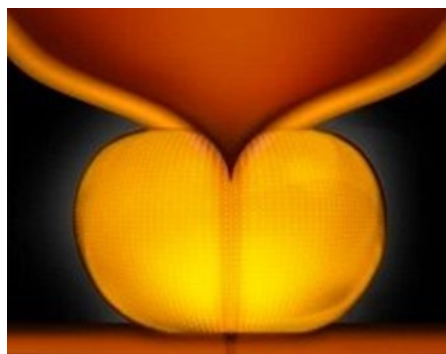

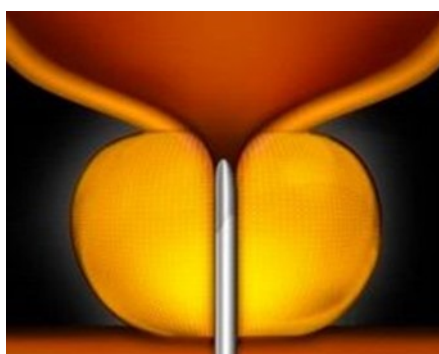

## Enlarged Prostate - (BPH)

**Gentlemen Classmates** - Are you having trouble with an "Enlarged Prostate" - Benign Prostatic Hyperplasia (BPH). There is something you can do about it, consider the UroLift Procedure.

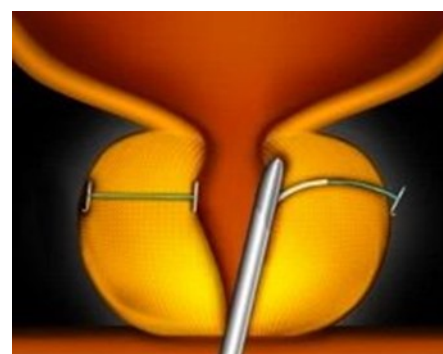

### UroLift Procedure

Step 1 – Enlarged Prostrate  
Putting pressure on urethra  
restricting flow of urine.

Step 2 – Position UroLift  
Delivery Device

Step 3 – Place top UroLift  
Implant on Prostate

Step 4 – Place lower UroLift  
Implant on Prostate.  
Pressure on urethra now  
removed allowing better flow  
of urine.

Treatment with the UroLift® System is typically a one-time, in-office solution that provides rapid relief and recovery of BPH symptoms. It can break the cycle of medications and how they make a person feel, all without the risks of more invasive surgery. The goal of the UroLift System treatment is to relieve symptoms so you can get back to your life and resume your daily activities.

The UroLift System treatment has demonstrated a significant improvement in quality of life for patients compared to medications. The UroLift System is the only BPH procedure shown not to cause new and lasting erectile or ejaculatory dysfunction, while being a safe and effective treatment of lower urinary tract symptoms due to BPH.

Many men will experience an enlarged prostate in their lifetime. By the time you reach the age of 60, you have a 50/50 chance of having an enlarged prostate. When you blow out 85 candles on the birthday cake, the likelihood increases to 90%. You might be wondering, "If it's so common, what's the big deal about having BPH? The prostate is about the size of a walnut and stays that way until age 40. For a still unknown reason, the prostate experiences a second growth spurt and can grow to the size of an apricot or even a lemon. When you take into account that the prostate gland is located just below the bladder at the site where the urethra connects, you can start to see how this can become a serious issue. The enlarged prostate begins to interfere with the urethra, the tube inside the penis that carries urine out of the body. The pressure can block the natural flow of urine causing irritation. If left untreated, this condition can lead to symptoms such as increased urination, difficulty urinating, or more serious problems. Gentlemen, first you must practice, "An Ounce of Prevention is Worth a Pound of Cure." Get at least an annual checkup with a good Urologist. In the Salt Lake area I would recommend Dr. Steven Gange, 4252 South Highland Drive, Suite 200. Phone: 801-993-1800 (UroLift Expert).
